PARTNERSHIP OPPORTUNITIES

Celebrating 25 years and  
100,000+ computers placed!

We are on a mission to create digital equity for students in Minnesota. Understanding digital inclusion and environmental sustainability go hand in hand; we recycle and repair donated computers to refurbish them for schools and educationally focused community organizations to impact the full life cycle of technology. Our programs provide technology access, engaging STEM programming, and IT workforce training in primarily underserved BIPOC communities.

## 25 YEARS OF MINNESOTA TECH FOR SUCCESS

By creating digital equity in Minnesota, we are diversifying educational and professional spaces to ensure everyone has technology access and skills to improve their lives and succeed.

We have 25 years of success through our computer donation program, no cost technology training, and the recycle and refurbish program to keep used technology out of landfills. Our results:

**100,000**  
Computers Placed

**1,751**  
Students Trained

**5.8 Million**  
Pounds Recycled

Partnerships with businesses, foundations, and individuals are critical to our work. We are hosting a 25th anniversary celebration and inviting you to partner with us to help launch the placement of the next 100,000 computers!

Please join us for delicious appetizer bites, a brief program, activities, and networking with supporters and board members. Enjoy live jazz music by The Kings of Cole. Proceeds from the evening will support the relaunch of our Tech Connect program, which provides technology free of charge to students, individuals and families in our community in order to afford better opportunities for education and employment.

**DATE:** December 9, 2022

**TIME:** 4:30 pm - 8:00 pm

**LOCATION:** Minnesota Tech for Success

**ADDRESS:** 504 Malcolm Ave. SE, Suite 100, Minneapolis, 55414

504 Malcolm Ave. SE, Suite 100, Minneapolis, MN 55414
