About MTFSLearn

Our education programs are designed for adults who wish to further their education or pursue employment opportunities in the technology sector. These programs offer a comprehensive curriculum to help individuals develop foundational knowledge and skills required for professional readiness in the workplace.

The majority of MTFSLearn students can access our training at no cost, thanks to a combination of public and private grants. Additionally, Minnesota Tech for Success is WIOA-approved and can be found on the Eligible Training Provider List (ETPL) for students currently enrolled in MNBenefits. Prospects can discuss co-enrollment options with their case managers and employment counselors to support your MTFS training journey. For further information, or to enroll, please contact MTFS Learn Recruitment & Retention Manager Jared Fessler at jfessler@techforsuccess.org or (612) 383-2394.

HTML5 | CSS Fundamentals

Duration: 7 weeks  |  February 6 - March 21  |  In person at the MTFS Headquarters
Tuesday-Thursday, 1:00 p.m. - 3:00 p.m.

If you’re interested in learning the tools used by industry professionals to develop websites and web-apps, then this is the class for you! During this six week class we will cover modern HTML, CSS, version control using GitHub, Visual Studio Code, and how to publish your website and make it live. Each student will build a website in this class. Basic computer literacy required.

CompTIA IT Fundamentals+ Certification Course

Duration: 5 weeks  |  February 5 - March 7 |  Virtual
Monday-Thursday, 11:00 a.m. - 1:00 p.m.

Our CompTIA Fundamentals+ Class is designed to provide students with a solid foundation in IT skills and knowledge.

This class covers essential IT concepts, including:

- hardware
- software
- security
- networking

Students will also learn about the basics of cloud computing, database management, and troubleshooting. The course is designed to prepare students for the CompTIA IT Fundamentals+ certification exam, which validates their understanding of foundational IT concepts. With this certification, students will be better equipped to pursue a career in IT or to further their education in the field. The class is taught by experienced instructors who provide hands-on training and personalized support to ensure students’ success.

Students who complete the course will be provided with a voucher for the IT Fundamentals+ exam, and we can offer assistance scheduling the exam with Pearson Vue. We offer practice exams for preparation.
CompTIA A+ Certification Course

Duration: 6 weeks | February 5 - March 14 | Virtual

Monday-Thursday, 2:00 p.m. - 4:00 p.m.

CompTIA A+ is the industry standard for establishing a career in IT and is the preferred qualifying credential for technical support and IT operational roles. It is about much more than PC repair. Candidates are better prepared to troubleshoot and problem solve, and technicians better understand a wide variety of issues ranging from networking and operating systems to mobile devices and security. A+ supports the ability to connect users to the data they need to do their jobs regardless of the devices being used.

Students who complete the course will be provided with a voucher for the A+ Certification Exam, and we can offer assistance scheduling the exam with Pearson Vue. We offer practice exams for preparation.

Self-Paced IT Training

We offer self-paced IT training through CompTIA with the support of our instructor with CompTIA A+, Network +, and Security +.

MTFS Learn Enrollment Process

Here are the steps needed to enroll in our program at Minnesota Tech for Success:

2. Complete the Minnesota Tech for Success Request for Information Form.
3. After completing the request for information form, an application link will be e-mailed to you. Please complete the application.
4. Schedule a meeting with the Dislocated Worker, WIOA, Voc Rehab, or another grant partner program recommended by Minnesota Tech for Success.
   a. We collaborate with various programs such as Minnesota Careerforce Centers, Mac-V, HIRED, Project Pride for the Living (PPL), Jewish Family Children Services (JFCS), Minnesota Teamsters, and more. These are partner programs separate from Minnesota Tech for Success. The process can take anywhere from two weeks to six weeks.
   b. Fill out their application, training proposal, and provide all necessary documents (e.g., IDs) and materials. An appointment is required for these meetings.
5. Once your application with the partner is reviewed, the Employment Counselor/Case Manager will approve your training proposal and send the necessary authorization to us.
6. Congratulations! You are now officially enrolled in the Minnesota Tech for Success program.

Note: If you are currently enrolled in one of these programs, simply complete the Minnesota Tech for Success application (step one) and provide your employment counselor/case manager's contact information.

For further information, or to enroll, please contact MTFS Learn Recruitment & Retention Manager Jared Fessler at jfessler@techforsuccess.org or (612) 383-2394.
